**Dr. Harry Perdew**, author of the best selling book *"It's More Than Words - Reading People From the Outside In,"* is a persuasive communicator who speaks with clarity, passion, and sincerity. He has presented programs for business, industry, academia, and the professions for more than 25 years. He is committed to helping individuals and business owners enhance their performance. He coaches people and organizations focusing on communication,

leadership, management, marketing and financial skills. He helps individuals and their organizations see the difference between performance that is average and performance that is outstanding.

He comes from a background of entrepreneurship and education. He has owned several successful businesses, taught at the university level, and directed a Small Business Development Center, which gives him the ability to shape the theoretical into the practical.

**Dr. Harry's programs are in demand
